Dear Mr. Hybarger:

and far.

This year, through funding from the Fish and Game Commission, Santa Fe Dam Recreation Area also hosted "*Fishing in the City*." For this event a grant was approved to spend \$2,500 for the purchase of catfish to be stocked in the lake specifically for the special event. Volunteers from the Department of Parks and Recreation and the Department of Fish and Game donated their time to assist with the event.

Several booths were setup with volunteers available for fishing demonstrations, while others assisted with baiting hooks and fish removal along the shoreline. A limited amount of fishing poles were also available to be loaned out to those who were unable to bring one. The combined Moonlight fishing and Fishing in the City event was very successful and attracted nearly 1,000 people in attendance.

If you have any questions or need additional information, please contact myself or John Norcia, Park Superintendent at (626) 334-1065.

Sincerely,
